

It's that time of the year again. Olympic Day!

My name is Josh Hancock and I'm the PE teacher here at Irving. I also am the organizer for our Olympic Day.

For this great event to be possible, we need volunteers! And this is where you come in. Unfortunately we only have a handful of teachers who are free to help out due to other school day obligations, so we rely heavily on parent help for this event. This year it's going to be on **Friday May 23rd**. There is a morning session (grades K-2) that goes from 7:45-11:00 or an afternoon session (grades 3-5) that is from 11:45-3:00. You can choose to work one or both.

Volunteers are placed at one of the 12 stations around the school. As classes come to your station, you just have to explain and facilitate the activity. The classroom teachers and assistants will also help you out. So come on out and help Irving have another great Olympic Day! Plus, you'll have the chance to get some fresh air and hopefully sun!

Please email me at **jhancock@op97.org** if you have any questions. Thanks again in advance for all that you guys do for this school. Without you Olympic Day wouldn't be possible!
