

Irving Elementary Gender Inclusion Initiative

Our goal is to support families with transgender and gender-expansive children (children who do not feel like they are the gender they were assigned at birth, who do not want to dress or act in ways that are typical with their assigned gender) and promote a culture shift at Irving towards gender inclusiveness.

With the administration's and Diversity and Inclusion Committee's support, Irving Elementary School is partnering with LGBTQ+ equity organizations to create a more inclusive community.
